THE SAN DIEGO FILM FOUNDATION

CREATING EMPATHY IN A COMPLEX WORLD....

The San Diego Film Foundation is dedicated to creating empathy through the experience of film. We believe that film can be transformative. In a divisive world, we are bound together through human connection. Race, identity, country, shelter, health, and economics are all elements of the human condition that can divide us. Through the FOCUS ON IMPACT program, the San Diego Film Foundation uses documentary film to explore these complex issues — to create dialog, to encourage self-reflection, and ultimately to develop empathy. Through this program, students can take in new perspectives and determine how that information might change their own views and actions within their communities.

- The San Diego International Film Festival (October 15-20, 2019)
- FOCUS on Impact Film Tour for high school students (Spring 2019)
- Film Insider Screenings (Feb-July, 2019)
- Industry Insider Series (Patrons Only)
- Awards Viewing Party Annual Gala (February 24, 2019)

Plus a variety of community and private events throughout the year
